VOL. 13, NUMBER 309 MONESSEN, PA., SATURDAY, JUNE 12 1915 SIX CENTS THE WEEK

Down on Donner avenue this morning an eager crowd was clamoring to get inside of a store before opening time. Several merchants were standing in their doorways looking on. The moral is "It Pays to Advertise." Try it and get a part of the crowd.

Local Young Autoist Cleared Of All Blame

Charles Peters, the young automobile driver of Monessen who was arrested the other day at the instance of James Chambers, of West Newton, whose car was badly injured by a collision with the Peters car on the West Newton bridge on Decoration Day, was given a hearing before Squire J. Q. Truxal of Greensburg, Friday morning. While it was admitted by Peters and his father, Jacob Peters, that the lad did not have a license to run a car, it was claimed that Chambers was running at a high rate of speed and was on the wrong side of the road. It was admitted by Mr. Chambers that he agreed immediately after the accident to repair the car of Mr. Peters. When it was discovered by Mr. Chambers that the boy had no license to run the car, he brought action against Peters with a view of finally bringing suit in the common pleas court for damages.

In the absence of a direct decision by the state attorney general regarding responsibility of a driver of a machine, who is a son of the owner of the car and is not a paid employe, the attorneys in the case are considerably puzzled. It is positive that the case will be sent to the court in order to get a decision in a matter that is greatly bothering the average lawyer and justice of the peace. Young Peters was fined $10 and costs by Squire Truxal on the charge of running a machine without a proper license. It is probable that the parties to the issue will reach a settlement by each paying for repairs to the cars. In that case the fine would be remitted. The attorneys, however, are anxious that a decision that will tend to clear up the mist regarding responsibility of car drivers be secured. There is but one way to do that and that is to get into the courts with this case or a similar one.

Later—The case was settled yesterday afternoon by Chambers paying for all damage done to the Peters car, and the $10.00 fine paid by Mr. Peters was returned to him.

Ladies Auxiliary Will Hold Outing Thursday

The Ladies Auxiliary of the B. P. O. E. of this city have completed plans for the annual outing at Eldora park Thursday of next week and everything points to a most successful affair. Hundreds of tickets have been sold for the affair and a large crowd is expected in the evening when the dancing will be the principal feature. The ladies expect to spend the entire day at the park and will leave here ladened with good things to eat. Husbands and friends will join them in time for supper and will remain for the dance.

"Suicide and Murder" Verdicts of Coroner

The finale of the tragedy of May 9 wherein William H. Kuen first shot and kiled his wife, formerly Miss Beulah Richards of this city, and then fatally wounded himself, was written on the coroner's records, Allegheny county yesterday when after an inquest, verdicts of "suicide and murder" were returned.

No witnesses were heard. Depositions from witnesses were read. The most important statement came from Gertrude Richards, a sister of the dead girl, which gave a description of the events immediately preceeding the shooting. Mis Richards has fully recovered from her injuries, while the body of Mrs. Kuen was laid to rest in the Monongahela cemetery, and the remains of her husband claimed by his parents and taken to Corning, N. Y. for burial.

Program Is Arranged For Celebration

The Amusement committe of the Board of Trade met yesterday afternoon in the office of Alfred Tanzer and mapped out their program for the celebration to be held here Monday, July 5. Heads of committees were named for the various events and active work will begin Monday morning on the preliminary arrangements. Invitations will be issued to all American and foreign societies to participate in the patriotic parade which will be a feature of the morning program. The principal streets of the town will be traversed by the marchers, headed by several brass bands.

Following the parade which will end at the Sixth street park, a concert will be given by the band, to be followed by a patriotic address by a well known speaker who will be brought here for the occasion. In the afternoon a base ball game between the Sunnyside and the Shadyside of Donner avenue will be the big feature. Harry Lebowitz of the Sunnyside, has accepted the challenge issued recently by Guy R. Eddy, representing the Shadyside, and will bring out a team of old time stars that will stage a contest that promises great sport.

In the evening an auto parade will open the festivities to be followed by a band concert at the band stand in Sixth street park. The day will be brought to a close with a magnificient display of fire works from the park. Individuals or organizations who expect to join in the celebration should communicate as soon as possible with Alfred Tanzer or C. F. Mentzer.

Epworth League Picnic At Eldora Friday

One of the leading features of next week at Eldora park will be an Epworth League picnic held by the Epworth leagues of the Monongahela valley. Arrangements for the event have just been perfected, it to take place on Friday as a feature of a convention at Monongahela.

On Wednesday the Donora Parochial schools will hold their picnic.

On Thursday will come what will prove to be the biggest outing of them all in church affairs thus far, in the annual outing of St. Jerome's Catholic church of Charleroi. Elaborate preparations are being made for the event. Special cars will be provided. The congregation has the park amusements rented for the occasion and will operate all of them.

Another Boy Was Drowned Yesterday

In an effort to save the life of his companion, Horace Foreman aged about nine years, was drowned yesterday afternoon shortly after two o'clock in Pigeon Creek, a short distance from Monongahela. The body was recovered a short time afterwards and though every effort at resuscitation was made, the little fellow was too far gone.

Horace, together with Vincent Eckels, was swimming in the creek, when Eckels got into deep water and cried that he was drowning. The little Foreman boy jumped to his assistance, but after dragging the little Eckels boy to the shore, he sank himself and never came to the surface again.

The drowned youth was the son of Mrs. Flora Foreman of Monngahela. She is a canvasser and is well known i nthis city. making frequent trips here. At the time of the accident she was in Donora. The body was removed to Bebout's undertaking rooms and prepared for burial,

Farewell Party For Miss Linnes Vonberg

A farewell party was held in honor of Miss Linnea Vonberg by the King's Daughters class of the English Lutheran church, of which she is a member. The affair was given at the home of Miss Anna Johnson of Knox avenue. Miss Vonberg will leave on Monday to enter the Presbyterian hospital, Pittsburgh, to take up nursing. The affair was in the form of a surprise. Miss Vonberg was presented with a beautiful manicure set, a gift from the class. The evening was pleasantly spent with music and games.

Well Known Colored Man Died Last Night

Daniel R. Scott. a well known colored resident of this city, died last night in the sanitarium at Hamburg, near Philadelphia. Tuberculosis was the cause of his death. He was employed as a wire drawer at the Pittsburgh Steel and was taken to the santarium about two months ago. The deceased was a good Christian and a member of the A. M. E. church choir and formerly held the office of president of the Endeavor society of the church.

Monessen People Take Part In C. E. Convention

The twenty-second annual convention of the Westmoreland County Christian Union was brought to a successful close last evening with a stirring address by Rev. Shelton of Pittsburgh. This was the greatest convention ever held by the union with about 70 of the 75 societies represented and 140 delegates registered. Good reports were heard from superintendents of the various divisions and leading Christian Endeavor workers in the United States were present and gave inspiriing talks on the good work being accomplished by the organizations. Karl Lehman of Boston. Mass., inter state secretary of the United States was present Friday morning.

Fourteen members of the Junior Endeavor of this city. were present Friday, and under the leadership of Miss Janet Wilson gave a demonstration of a missionary meeting which was greatly appreciated. Miss Blanche Brightwell addressed the delegates Thursday morning on "Our Literature," telling just what class of books, members of the organization should read.

At the election of officers, A. W. Ferren of this city, was re-elected president of the union for a third time, the delegates in this way showing their appreciation of the efficient manner in which he had conducted the affairs during his term in office. Rev. U. S. Graves of New Alexandria, was elected first vice president, Charles Palmer of Irwin, second vice president; Miss Fannie Dietrich of Parnassus. Corresponding secretary: Miss Grace McMasters, New Kensington, recording secretary; Charles Grion of Greensburg, treasurer; Miss Helen Palmer of Irwin, Secretary of Missions and Mis Lulu Thompson of Export, Superintendent of the Junior Endeavor. The next convention will be held at New Kensington.

Receives Minor Injuries When Hit By Ford

David Gale, employed at the Racy department store on Donner avenue, met with an accident this morning which might have proved fatal. A Ford automobile driven and owned by a Donora man was coming up town and in an attempt to cross the street, young Gale became confused and was knocked down by the machine. Fortunately he escaped with only a few minor injuries. The owner of the car did not stop to give his name after the mishap. Mr. Gale when interviewed, said, "Oh, it was only a Ford."

Ministers To Meet Here

The Monongahela Valley Ministerial Association will hold an all day meeting in the English Lutheran church of this city, Tuesday. Rev. Perrin Baker will preach to the ministers at the morning meeting, beginning at 10 o'clock. There will also be a meeting in the afternoon. At the noon hour the ministers will take lunch together after which the visitors will be taken through the plant of the Pittsburgh Steel.

Still Sinking Vessels

The Germans are showing as yet no disposition to give up torpedoing merchant vessels. In three days this week, twenty-one peaceful vessels were sent to the bottom by their torpedoes. Some of these vessels belonged to neural nations, but none were American. The greater number were small British trawlers or fishing boats, a kind of craft which the law of nations has hitherto held to be exempt from capture at sea, a circumstance which does not offer them any protection from German torpedoes.

It is noticeable however, that no lives were sacrificed in these submarine attacks reported this week. Four more British ships were reported torpedoed yesterday with some loss of life in the case of one of them. In the Baltic Sea a British cruiser is reported sunk by a torpedo. In all this destruction no American boats or American lives have been sacrificed, so far as is known. Germany is not aggravating this country's grievance against her unless the refusal to abstain from the use of submarines against merchant vessels may be so regarded. That demand, however, was based on the assumption that submarine could not give notice and save the lives of those on the vessels she attacked, but in these recent cases except in one instance all lives were saved before the doomed ship was sent to the bottom. This is a great advance over the wholesale Lusitania murder.

We cannot and do not object to the use of the submarine in lawful warfare. It is Germany's violation of the law of nations and every principle of humanity by sending unoffending non-combatants to their death without attempting to save them or giving them a chance to save themselves that the United States protests against and will not endure. That protest was perhaps not in vain, for though the German submarine continues active in its recent warfare, it has become apparently more humane.

Little Follows Fighting

Germany and Austria are now at war with nine nations. The latest recruit to the ranks of the Allies is the republic of San Marino. For the benefit of those who have never heard of this country, it may be explained that San Marino is situated on a hill near Rimini, and is entirely surrounded by Italian territory. Its area is about 30 square miles.

Austria has shown signs of alarm over San Marino's declaration of war. Whatever forces might be mustered from its population of 11,000 would hardly cut much figure among the 12,000,000 or so troops arrayed against the Teutons. And the Austrians are hardly likely to invade San Marino. The only feasible way of reaching it is by air. That, however, is precisely what San Marino was afraid of. It declared war so that Austrian aviators couldn't land there, taking advantage of neutral soil, in their operations against Italy.

Now it's time for Monaco, with its eight square miles, to get into the game.

WORK OF COWGIRLS IN BIG WILD WEST SHOW OF GREAT IMPORTANCE

While Jess Williard, the cowboy world's champion, puts a big "punch" into the performances of Miller Bros. & Arlington's 101 Ranch Wild West show, which comes to Charleroi Wednesday, June 16, the cowgirls constitute a very important part of the company of strenuous people who give vim to the exhibition.

The cowboys are usually associated in the public mind with the liveliest and most daring portions of the Wild West program. As a matter of fact, it is declared, there is scarcely anything in the way of rough riding accomplished by the most reckless cowpunchers that is not duplicated by the cowgirls in the show. The recklessness of the real cowgirl is proverbial, and instead of urging them to perform daredevil feats, the management, it is said, is constantly under the necessity of cautioning them against risking their lives and limbs.

In the 101 Ranch show the cowgirls are always very much in evidence. They participate in the exhilarating and dangerous roundup of wild steers, which is one of the distinctive features of the show, they ride wild steers as well as rope them, they accomplish wonderful feats in high-school horsemanship, and with it all they give a feminine touch that adds greatly to its attractiveness.

There are, it is announced, about fifty cowgirls with the 101 ranch show and their strenuous riding, their picturesque ranch attire and their all round cleverness is said to add something to the show that would otherwise be signally missed.

The cowgirls, the cowboys, the Indians, the Mexicans and all the other ranch people will be seen in what is said to be the most exciting performance ever given in a Wild West arena, while the positive appearance of Jess Willard, the conqueror of Jack Johnson, as a real cowboy and later in ring costume with one of his sparring partners, when he will demonstrate just how he won the championship, will give a "go" to the performance that no other Wild West exhibition has ever had.

There will be a big street parade at 10:30 on the morning of the show, in which Jos. C. Miller, White Chief of the Poncas; Chief Iron Tail, whose profile is on the new "buffalo" nickel and other 101 Ranch notables will appear.

Evangelist Taylor Has Good Topic

At the United Brethren church last night Mr. Taylor spoke to a large and attentive audience on "The Unpardonable Sin." He produced convincing argument that there is such a thing as the "Unpardonable Sin" and proved conclusively that many of the things which people propose to advance as the thing that is unpardonable were mere falacy and that the thing which God looked upon with unforgiveness was the grieving away of the Holy Spirit, or as Mr. Taylor puts it "Turning God Down."

Tomorrow there will be three meetings in the church, these commencing as follows: Morning service at 10:30 a. m.; all men's meeting at 2:30 p. m.; evening service at 8 p. m. Mr. Taylor will speak to the men on Sunday afternoon on the subject "Why I am a Christian."

The song service in the afternoon will be in charge of Prof. Davies, Monessen's well known musical director, and the splendid Male Chorus, of which he is the director, will sing.

Furnish Workmen

The Salvation army in Monessen is trying to meet the needs of the working class. Captain Ives knows of several deserving men who are out of employment and have families to support. He also knows of a couple of single boys who are in need of employment. If anyone needs a man kindly call Capt. Ives, phone 432-J.

Capt. Ives states that he can recommend these men to be honest and willing to work. If you should only want an odd job done around the house call the night before. This is a chance to help some men earn an honest living.

Editor Daily Independent:—

I cease my labors long enough this morning to register a mighty protest against the open garbage receptacle with its offensive, fly breeding contents. We read so much in these days in the press on "Swating the Fly," and we still persist in furnishing the conditions for their existence, keeping them fat and sleek in the bargain. The next we see of him he is sitting on our screen doors, ready to pop in and take possession of anything that suits his fancy—from the baby's nose to the food on the table. If there is no respite from these conditions, please send the inspector around very soon and greatly oblige not one, but many Monessen residents.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

KNOW THY COUNTRY

II—Railroads

In discussing the commercial achievements of this great age, we shall approach the subject as the historian chronicling events. This series will endeavor to record in writing the supremacy of American men and industries in the world's affairs and perptuate an appreciation of our marvelous industrial achievements by presenting simple facts, figures and comparisons that are overpowering in their convictions.

America holds her proud place among the nations of the earth today on account of her supremacy in transportation facilities. The mighty minds of the age are engaged in the problems of transportation, and the greatest men in the history of the world's commerce are at the head of the transportation systems of the United States.

In the discussion of transportation, let us consider separately our Railways, Telegraph and Telephones, Express, Public Highways, Steamships, Street Railways, Interurban and other forms of transportation, and this article will deal with railways.

The United States has the largest mileage, the best service, the cheapest rates, pays labor the highest wages, and we have the most efficiently managed of the railways of the world They stand as a monument to the native genius of our marvelous builders, and most of the railroads in foreign countries have been built under American orders.

The railroads represent a larger investment of capital than any other branch of human activity. The mileage in the United States exceeds the accepted distance from the earth to the moon. We had in 1911, the last year in which figures for all countries are available, on the earth's surface, 639,981 miles of rail way divided as follows: United States 241,199, Europe 207,432 and other countries 191,350. The United States has 38 per cent of the world's mileage, seven per cent of the estimated population and about five per cent of the area. The total capital invested in the railways of the world is $50,000,000,000. divided as follows: United States $13,000,000,000 Europe $25,650,000,000 and other countries $11,350,000,000. Reduced to a mileage basis the capitalization is as follows: The world $78,000, United States $54,000, Europe $124,000, and other countries $59 000

A comparison of rates is equally as interesting and the United States takes the lead in economy and service. The average rate per ton per hundred mile haul is as follows. United States 70c, Great Britain $2.53, France $1.44, Germany $1.44, Russia 92c, Austria-Hungary $1 30. Italy $2 30 and Switzerland $2 82.

The average yearly pay of all rail road employes in the principal countries is as follows. United States $757, Germany $392, Italy $345. Austria $322. Great Britain $279, France $260 and Russia $204.

About 30 per cent, or 188,000 miles, of the railways of the world are government owned. About half the railway mileage of Europe is government owned.

A comparison of the economy, in time and money and the convenience in travel, will be made in a later article.

Bissel's Vacuum Sweeper WITH BRUSH Price $9.00

THE NEW BISSELL Models constitute two distinct types of hand propelled vacuum cleaning machines. The one with the small carpet sweep brush, litter pans, etc., we have called the "Vacuum Sweeper." It is designed to meet the demand for a combination machine. The "Vacuum Cleaner" is purely a RENOVATOR for periodic use, such as once or twice a week—the true function of any suction cleaning apparatus. The "streamline" cases of handsome Ribbon Mahogany Veneer, hand rubbed and polished; the finely nickeled fittings of pleasing design, and the sturdy construction, are all outward evidence of a "finished" product that offers a distinct contrast to crudely made apparatus with which the market is flooded. It has most powerful suction and smooth and steady running qualities. Buy one of these cleaners and your work will be easier.

Charleroi Defeats Lyceum Team

Thursday evening the Lyceum base ball team of this city and the Charleroi professionals played an interesting game at the Charleroi park, the locals losing out by a score of 3 to 0. McIlvaine, a former league star, was on the mound for the Magic City team and allowed the locals but three scattered hits. Krepps twirled for Monessen and struck out ten of the Charleroi star sluggers.

This is the first season for a number of years that Monessen has not been represented on the diamond with a first class aggregation, in former years the Page team having set the pace. The Lyceum team, composed of young boys, have developed one of the fastest aggregations in the field and having defeated all the minor teams in this vicinity, are now tackling the best and have proved themselves their equal. Following is the score of Thursday's game:
